19<sup>th</sup> September 2016

Vitrinen-und-Glasbau REIER GmbH supplied and installed 22 display cases for our exhibition Three Centuries of English Freemasonry in late 2015/early 2016.

We were very pleased with the design and quality of the cases which have considerably enhanced the overall visual effect of the exhibition space. The Reier design team were very helpful during the design period and worked well with our project managers with an excellent response time. The Reier team were painstaking in the installation process and we have had no significant issues with the cases since installation. A few minor issues have been dealt with promptly. Intensive on site training and a comprehensive manual were also provided.

I have no hesitation in recommending Reier to other museums and galleries.

Yours faithfully

Diane Clements  
Director
